2014

U.I.M. World Championship Jet Boat River Marathon **Chiapas, Mexico** **MAY 3rd thru 11th, 2013**

The Organising Committee of the 2014 UIM River Marathon World Championship has just secured the support of the Government of the State of Chiapas to run the most important Jet Boat race in the world at the Usumacinta and Grijalva rivers in southwest Mexico, and is pleased to announce the race schedule. The date has been set during the month of May 2014.

The race will be held in two of the most beautiful and challenging rivers we have in Mexico, featuring class 3 rapids, racing through the jungle among waterfalls, ancient Mayan sites and the warm and friendly atmosphere which makes Mexico a great place to visit and race. We are making a huge effort to produce a truly world class event.

For any further information, please contact us. We will be happy to provide international racers and teams with all the necessary help to come racing in Mexico.

Sincerely,

Andres Wilson
